

Class Management Plan 23-24

Arrive to class on time.

This is important for the rest of your life. Learn the skill now.

Work on your classwork in class.

I give very little homework, if you take the time to do it class, you won't have to take it home.

Pick up after yourself.

I am not your mother. You are old enough to pick up after yourself.

Participate in class.

You get a lot more out of the class if you join in. This is a very hands on class. Which is Re

Listen when someone is speaking.

You will be shocked how much you will learn, if you only listen to what is being said by me or another class mate.
